BS Computer Science

University of PUNJAB

(2016 – 2020)

Summary

I'm a Software Engineer with 3+ years' experience of developing. Web applications. I have worked with dedicated and experienced team members and successfully completed some major projects and have completed over many small projects. Well-versed in numerous programming languages including HTML5, JavaScript, JQuery, CSS, Bootstrap, MySQL, Laravel and php. I have the skills to build websites from scratch, set up servers according to the site's need and get the site running with speed, scalability and security.
